An act to add Section 2503 to the Public Contract Code, relating to public contracts.

LEGISLATIVE COUNSEL'S DIGEST

SB 829, as amended, Rubio. Public contracts: public entities: project labor agreements.

Existing law sets forth the requirements for the solicitation and evaluation of bids and the awarding of contracts by public entities and authorizes a public entity to use, enter into, or require contractors to enter into, a project labor agreement for a construction project, if the agreement includes specified taxpayer protection provisions. Existing law also provides that if a charter provision, initiative, or ordinance of a charter city prohibits the governing board's consideration of a project

labor agreement for a project to be awarded by the city, or prohibits the governing board from considering whether to allocate funds to a city-funded project covered by such an agreement, then state funding or financial assistance may not be used to support that project, as specified.

This bill would additionally provide that if a charter provision, initiative, or ordinance of a charter city prohibits the governing board's consideration of a project labor agreement that includes specified taxpayer protection provisions for some or all of the *construction* projects to be awarded by the city, state funding or financial assistance may not be used to support any *construction* projects awarded by the city, as specified.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 2503 is added to the Public Contract
2 Code, to read:
3 2503. If a charter provision, initiative, or ordinance of a charter
4 city prohibits the governing board's consideration of a project
5 labor agreement that includes all the taxpayer protection provisions
6 of Section 2500 for some or all of the *construction* projects to be
7 awarded by the city, then state funding or financial assistance shall
8 not be used to support any *construction* projects awarded by the
9 city. This section shall not be applicable until January 1, 2015, for
10 charter cities in which a charter provision, initiative, or ordinance
11 in effect prior to November 1, 2011, would disqualify a
12 *construction* project from receiving state funding or financial
13 assistance.
